Bd. Packet

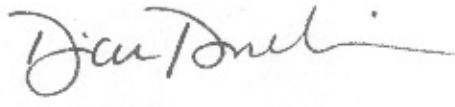

Dear Ms. Ison,

I would like to offer my congratulations to the Lincoln Trail Libraries System for receiving the Library Services and Technology Act grant through the Institute of Museum and Library Services. This is a truly exciting day for you and your organization.

Your program partnering the community's Spanish and English speaking children is an excellent use of funds. This program will foster diversity and understanding, and will enable the children of the community to grow and learn in an exciting environment.

Once again, congratulations and best wishes as your library continues to grow.

Very Truly Yours,

Richard J. Durbin
United States Senator

RJD/ac
